

**Creative
Salmon**
ORGANIC

As Canada's *first certified organic* farming salmon company, "Creative Salmon" has raised the bar for *quality, sustainability, and humanity.*

A *relatively small* company established in 1990, "Creative Salmon" is located in the *calm, clear waters* of Clayoquot Sound, near Tofino on the west coast of Vancouver Island. They work in cooperation with the Tla-o-qui-aht First Nation, and were *the first B.C. salmon farming company* to hire a full-time Aboriginal liaison.

Taste the difference with Chinook salmon *that has not been treated* with pesticides, antibiotics, or growth hormones, has no GMO's, and is full of heart-healthy omega 3's.

DID YOU KNOW?

- Chinook (King) salmon is naturally tolerant of sea lice (no pesticides required!)
- In order to meet organic certification, "Creative Salmon" have almost twice as much room to swim compared to conventional farm-raised fish
- "Creative Salmon" is the only company in Canada using a humane stunning technique

NO ANTIBIOTICS

NO PESTICIDES

NATURAL FEED

FULLY INTEGRATED

GET FRESH. GET ORGANIC. GET CREATIVE.
